Database of the Month:

ReferenceUSA, an electronic directory of over 14 million businesses in the United States, can give you lists of businesses by line of business, employee size, estimated sales volume, year established, zip code, city and state. This database is great for sales prospecting and competitor information; for business planning and marketing. The residential part of this electronic directory has over 200 million residences nationwide. One can create lists by address, phone number, area code and estimated home value.
