## About CivicCLP

CivicCLP is where our community can learn about the importance of civic engagement and the First Amendment through Library programs, services and resources. The goal of CivicCLP is for our region to feel more confident about finding reliable information from trusted sources. People in our communities will have the necessary tools to engage in civic issues, such as voting, intellectual freedom, community conversations and social justice.

### Carnegie Library of Pittsburgh

Builds community, enables learning, provides access and values people.

### To Engage Our Community in Literacy and Learning

Carnegie Library of Pittsburgh is supporting individual achievement and strengthening the power of community. Through the community's investment, the Library is enhancing the lives of people in the greater Pittsburgh region with dynamic and diverse resources such as creative learning programs for children and teens, job and career assistance for our community's workforce, and free computer and internet access for all.
