Independent Auditor's Report

Board of Trustees Carnegie Library of Pittsburgh

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of the Carnegie Library of Pittsburgh (Library) and affiliate, which comprise the consolidated statements of financial position as of December 31, 2022 and 2021, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Library and affiliate, as of December 31, 2022 and 2021, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Library, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Board of Trustees Carnegie Library of Pittsburgh Independent Auditor's Report Page 2

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. Organization

The Carnegie Library of Pittsburgh (Library) is a public trust established in 1895 for the benefit of the citizens of Western Pennsylvania. As a free public library, the Library provides collections, programs, and services through a network that has twenty (20) locations, including the Main Library and the Library of Accessible Media for Pennsylvanians (LAMP), all of which are public service outlets, and the Library Support Center in the West End, which is not a public service outlet.

The Library is an organization described under Section 501(c)(3) of the Internal Revenue Code (IRC) and is, therefore, exempt from taxation under Section 501(a) of the IRC. Additionally, the Library is classified as an organization which is not a private foundation according to the Internal Revenue Code. As a not-for-profit public trust, the Library is required to file federal information returns annually with the Internal Revenue Service.

A significant portion of the Library's funds are received from governmental agencies that annually appropriate funds designated for the Library.

The Library has a cooperation and support agreement with Allegheny Regional Asset District (District) for the purposes of supporting and financing the activities of the Library and providing for oversight of efficient operation of the Library. Provided the Library complies with the requirements of the agreement, the District covenants to provide funds of at least \$15,752,000 to the Library annually through the year 2024. The District renews agreements with its contractual assets every five years; the Library's renewal process will likely begin in early 2024. In 2002, this agreement was amended in connection with the issuance of bonds. Under this amendment, the District has committed to allocate \$1,000,000 of the annual grant to the Library for payment of debt service on the bonds through 2028. This agreement was reaffirmed in 2010 and again in 2021 with the issuance of the new bonds. The District may also provide support to the Library for special projects.

The Library also has support agreements with the Commonwealth of Pennsylvania for annual library operations and for capital renovation and construction reimbursement. Other Commonwealth revenue sources include table games revenue as authorized by Senate Bill 711 of 2009.

The Library receives a 0.25 mill property tax levy from the residents of the City of Pittsburgh. The proceeds are to be used exclusively for the operation and maintenance of the Library. Tax revenue recognized for 2022 and 2021 amounted to approximately \$4.80 million and \$4.81 million, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

In 2022, the Library successfully completed *Realize: Our Power, Our Potential*, a comprehensive fundraising campaign designed by the Library to expand and diversify the Library's revenue streams. During the eight-year period of 2015-2022, the Library raised \$51.7 million (103% of its \$50 million goal) to support current priorities and the Library's long-term sustainability. Funds raised for the comprehensive campaign support the Library's roles in early literacy; out of school learning; workforce and economic development; and neighborhood vitality. Moving forward, the Library will continue its efforts to raise funds to support current priorities along with emphasizing support for endowment, bequests, and other planned gifts that are helping the Library chart a course for future sustainability.

In early 2020, an outbreak of a novel strain of coronavirus quickly turned into a worldwide pandemic. The coronavirus had an immediate impact on Allegheny County, Pennsylvania, which continued throughout 2021. The coronavirus and its impact on trade, including customer demand, travel, employee productivity, supply chain, and other economic activities, had a significant effect on financial markets and business activities. Although 2021 produced a COVID-19 vaccine and most business activities resumed with some limitations, variants of the coronavirus emerged, which perpetuated operational restrictions and impacts to regular funding sources. During 2022, the Library restored pre-pandemic hours of operation to most locations. The Library secured a Paycheck Protection Program loan in 2020, with forgiveness in 2021. Also received in 2020 was \$4,395,425 of a business interruption grant from Allegheny County CARES Act funding. This funding was in response to the pandemic related reduction in sales tax revenue distributed by the Allegheny Regional Asset District (RAD). For both 2020 and 2021, the Library filed for reimbursement with the IRS under the Employee Retention Credit Program. The filings approximate \$5.6 million, of which only \$124,300 has been received to date. There is high likelihood of receiving the remaining funds in 2023, since the dollar amount, including interest, is known and timing is more certain. As such, a receivable for \$5.5 million has been recorded as of December 31, 2022.

2. Summary of Significant Accounting Policies

A summary of significant accounting policies consistently followed by management in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized as they are earned, and expenses are recorded when liabilities are incurred.

Reporting Entity

The financial statements include the accounts of the Library and the Jack G. Buncher Charitable Fund for the Carnegie Library of Pittsburgh (Fund). The Fund is a supporting organization of the Library and had total assets of \$11,571,751 and \$13,029,653, and total revenue and unrealized gains/(losses) of \$(257,902) and \$3,357,956 as of December 31, 2022 and 2021, respectively. All interrelated transactions and accounts are eliminated.

Basis of Presentation

The Library reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets with donor restrictions and net assets without donor restrictions.

Net assets without donor restrictions are composed of expendable resources used to support the Library's core activities and all other resources not included in the below categories. Donor-restricted contributions that are received on a reimbursement basis and, therefore, by their nature must have their restrictions met in the same reporting period, are classified as support without donor restrictions. Restricted contributions that are received and spent within the reporting year are treated as net assets without restrictions. Donor-restricted resources intended for capital projects are released and reclassified as support without donor restrictions when the related assets are capitalized. All expenses are recorded as a reduction to net assets without donor restrictions. Certain net assets without restrictions have been designated for funding of future capital maintenance and Library programs. A substantial portion of the net assets without restrictions are not readily available for general organization purposes. Included in the net asset figure without restrictions is the net asset that represents buildings and equipment, net of related debt.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

Net assets with restrictions carry restrictions that expire upon the passage of a prescribed period of time or upon the occurrence of a stated event as specified by the donor. Included in this category are gifts held by the Library pending their use in accordance with donor stipulations, unexpended donor gifts for capital projects, pledges, certain split-interest agreements, and term endowments.

Some net assets with restrictions are to be held in perpetuity by the Library, including certain gifts of endowment and split-interest agreements. Investment earnings on the related assets are classified based on donor restrictions or Pennsylvania Law.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Investments and Investment Return

Investments are carried at fair value as outlined in Note 6. Gains and losses from the sale of investments are determined by the average cost method.

Investment fees amounted to \$85,726 and \$89,012 for the years ended December 31, 2022 and 2021, respectively. Investment returns not designated for operations are included in the statements of activities as non-operating gains (losses). For its endowment, the Library follows a spending policy as outlined in Note 7. The Library also complies with PA State Act 141 of 1998, which requires a minimum endowment draw of 2% and a maximum draw of 7%. Library policy authorizes a draw of up to 5%.

Split-Interest Agreements

The Library is the beneficiary of the income from certain irrevocable trust funds held by bank trustees. The fair value of the Library's share of the trusts is included in the statements of financial position as an asset and as net assets with donor restrictions based upon the nature of the trust. The income from the trusts is recorded upon receipt as either net assets with donor restrictions or without donor restrictions based on the designation by the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

donor. Income from such trust funds was \$75,248 and \$133,383 as of December 31, 2022 and 2021, respectively.

Cash and Cash Equivalents

The Library generally classifies all investments with maturities of three months or less, when purchased, to be cash equivalents other than any such investments included in the long-term investment or held for transfer to long-term investments. The Library maintains, at a financial institution, cash and cash equivalents that may exceed federally insured amounts at times.

Liquidity and Availability of Financial Assets

The following reflects the Library's financial assets as of the statement of financial position date (December 31, 2022 and 2021), reduced by amounts not available for general use within one year because of contractual or donor-imposed restrictions or internal designations. Amounts available include the Board-approved draw from the endowment for the following year, as well as amounts that are available for general expenditure in the following year. The Library is partially supported by restricted contributions, and because a donor's restriction requires resources to be used in a particular manner or in a future period, the Library must maintain sufficient resources to meet those responsibilities to its donors. Therefore, financial assets may not be available for general expenditure within one year.

The Library invests cash in excess of daily requirements in various short-term investments, including certificate of deposits and short-term Treasury instruments. To help manage unanticipated liquidity needs, the Library has a committed line of credit (Note 13) in the amount of \$5 million which it could draw upon in the event of an unanticipated liquidity need. Additionally, the Library has a quasi-endowment and operating reserve. Although the Library does not intend to spend from its quasi-endowment other than draw amounts for general expenditure based on the Board approval, amounts could be made available if necessary.

Other receivables of \$7.41 million is comprised of \$5.5 million for the employee retention credit, funding of \$1.17 million from the Office of Commonwealth Libraries (OCL), and \$445,000 in outstanding amounts due for special library tax, various ongoing operational receivables, and one-time grants.

Pledges Receivable

Pledges receivable are recorded as revenue when an unconditional promise to give is received or the condition has been fulfilled for a conditional promise to give. Pledges receivable are recorded at the present value of expected net proceeds ultimately payable to the Library. Pledges receivable are adjusted annually and are reflected in the statements of activities as fundraising - private.

Buildings and Equipment

Buildings and equipment are stated at cost when purchased or at fair value when donated. Major improvements and betterments greater than \$2,500 are capitalized. Items under the \$2,500 capitalization threshold as well as costs of maintenance and repairs that do not extend the estimated useful lives of the applicable assets are charged to expense as incurred. When buildings, equipment, and software are retired, or otherwise disposed of, the asset and the related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in operations.

Depreciation of property and equipment is calculated over the estimated useful lives of the assets of three to thirty-five years and is computed on the straight-line method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

Collections

Circulating Collections – The circulating collections (materials including books, periodicals, audio visual, etc.) are not recognized as assets in the statements of financial position. Purchases of collection items are expensed and recorded as a decrease in net assets without donor restrictions in the year in which the items are acquired (of which approximately \$5.2 million in 2022 and \$4.9 million in 2021). Proceeds from the sale of circulating collection items would be used to acquire other collection items.

Special Collections — The Library's special collections were primarily acquired through contributions since the Library's inception. Special collections is defined as any current or future special/permanent/historical collection item, including but not limited to rare books, manuscripts, archival holdings, and photographs housed in the Oliver Room or other secure spaces. Special collection items are not recognized as an asset on the statements of financial position. Purchases of new special collection items (none in 2022 and 2021) would be recorded as a decrease in net assets without donor restrictions in the year the items were acquired, or as a decrease to net assets with donor restrictions if the assets used to purchase collections were restricted by donors.

All special collections are subject to appropriate stewardship measures (catalogued, preserved, secured, and cared for as appropriate, finding aids created, and activities verifying their existence and assessing their condition).

The Library's policy is that proceeds from the sale of special collection items, or insurance recoveries on the loss of special collection items would be used to purchase suitable new special collection items or used for direct care of the special collection. Direct Care for the Library's special collections is defined as expenses to enhance the life, usefulness and quality of the item, that are based on an institutional plan for the special collection. The policy is based upon the Financial Accounting Standards Board's (FASB) Accounting Standards Updates (ASU) 2019-03, the American Alliance of Museum (AAM's) ethics, guidelines, and recommendation for direct care as well as legal guidance.

During 2017, the theft of 312 of the special collection items was discovered. An insurance claim was filed immediately upon discovery and a complaint was filed with the Allegheny County District Attorney's Office. Their investigation resulted in felony charges to which the two individuals responsible for the crime plead guilty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

Proceeds from the sale of collections or insurance (of which there was an insurance recovery of \$0 in 2022 and 2021) would be reflected as revenue resulting in an increase in net assets with donor restrictions. Due to the physical recovery of two stolen items, insurance proceeds in the amount of \$0 and \$5,000 for the years ended December 31, 2022 and 2021, respectively, was returned to the insurance company.

Expense Allocation

The costs of providing the activities of the Library are presented on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and support services benefited. Allocations among the classifications are performed using a variety of techniques, such as management's identification of indirect costs and budgeted time and effort.

Contributed Nonfinancial Assets

No amounts have been reflected in the financial statements for donated services. The Library pays for all significant services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Library with various programs. In 2022, over 157 volunteers contributed 5,920 hours of service. In 2021, over 26 volunteers contributed 753 hours of service.

Operating Activities

For purposes of the statements of activities, the Library distinguishes between operating revenue, support, gains, and expenses and nonoperating revenue, support, gains, and expenses. The Library treats as operating revenue and support and operating expenses all revenues and expenses that are an integral part of its programs and supporting activities, including investment return designated for current operations. All other activity is nonoperating support, revenues, and gains.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

Financial Instruments

The following methods and assumptions were used by the Library in estimating its fair value disclosures for financial instruments:

- Cash, cash equivalents, and short-term unconditional promises to give: The carrying
 amounts reported in the statements of financial position approximate fair values
 because of the short maturities of those instruments.
- Short-term and endowment investments: The fair values of investments are based on quoted market prices for those or similar investments or other unobservable inputs. See Note 6 for further disclosure.
- Long-term unconditional promises to give: The fair value of promises to give that
 are due in more than one year is estimated by discounting expected future cash
 flows using a rate of return based on the yield of a U.S. Treasury security with a
 maturity date similar to the expected collection period. See Note 3 for further
 disclosure.

Paycheck Protection Program Loan

The Library elected to record the \$4,002,000 Paycheck Protection Program Loan described in Note 14 as a loan payable at December 31, 2020. In 2021, the Library applied for and received forgiveness of the loan from the Small Business Administration, therefore extinguishing the debt. As a result, the recognition of the loan forgiveness has been recorded in a separate fiscal year than the receipt of the loan proceeds and the occurrence of the qualifying expenses, which occurred prior to December 31, 2020.

Adopted Accounting Standard

The Library has adopted and incorporated the following into these financial statements:

ASU 2020-07, "Not-For-Profit Entities (Subtopic 958): Presentation and Disclosures by Not-For-Profit Entities for Contributed Nonfinancial Assets." The amendments in this update expand upon the presentation and disclosure of contributed nonfinancial assets to provide the reader of the financial statements a clearer understanding of the types of nonfinancial assets received and how they are utilized and recognized by the not-for-profit organization. There was no significant impact to the financial statements as a result of this adoption.

Pending Accounting Standards Updates

The Financial Accounting Standards Board (FASB) has issued Accounting Standards Updates (individually and collectively, ASU) that will become effective in future years as outlined below. Management has not yet determined the impact of these updates on the financial statements.

ASU 2016-13, "Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments," is effective for the financial statements for the year beginning after December 15, 2022. These amendments and related amendments require a financial asset (or a group of financial assets) measured at amortized cost basis to be presented at the net amount expected to be collected. This includes loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposures, reinsurance receivables, and any other financial assets not excluded from the scope that have the contractual right to receive cash.

ASU 2022-03, "Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions," is effective for fiscal years beginning after December 15, 2024. The amendments in this update clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Pledges Receivable

Pledges are recorded in the accompanying financial statements at net present value using discount factors ranging from 4.41% and 4.11% and are expected to be received as follows:

Years ending December 31	/	Amount
2023	\$	161,858
Current portion		161,858
2024		111,800
2025		12,500
2026		5,000
Non-current portion Less - amount representing discount		129,300 (11,446)
	\$	279,712

The Library's estimate that an allowance for uncollectible pledges is not necessary is based on historical collection experience and a review of the current status of the pledges. Decisions to charge off uncollectible pledges are based on management's judgment after consideration of facts and circumstances surrounding potential uncollectible accounts. It is reasonably possible that the Library's estimate of an allowance for uncollectible pledges will change.

Fair values of assets measured on a recurring basis as of December 31, 2022 and 2021 are as follows: Level 1 Pledges receivable – current \$161,858 and \$650,468, respectively, and Level 3 Pledges receivable – noncurrent \$117,854 and \$75,449, respectively.

Fair values for Level 1 financial instruments are determined by quoted prices in active markets for identical financial instruments. Pledges due within one year are considered to be Level 1 because of the short maturity of these instruments. Fair values for Level 2 financial instruments are determined by other significant observable inputs (quoted prices for similar financial instruments, interest rates, prepayment speeds, credit risk, etc.). Fair values for Level 3 financial instruments are determined by significant unobservable inputs, including the Library's own assumptions in determining the fair value of financial instruments.

Since the Library's noncurrent pledges receivable have no significant observable inputs, they are classified as Level 3.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

The input used by the Library to measure the value of noncurrent pledges receivable is the original pledge commitment discounted at two to six years at the applicable U.S. Treasury Yield Curve rate.

Assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3 inputs) include pledges expected to be received in more than one year:

	2022	2021
Balance as of January 1	\$ 75,449	\$ 403,000
Additions of long-term pledges	222,397	356,000

Pledges written off as uncollectible	 	(14,434)
Balance as of December 31	\$ 117,854	\$ 75,449

At the beginning of 2022, the Library held \$270,000 in contingent pledges. Contingent pledges are recognized in the financial statements only when the contingency is met. The Library met \$30,000 in contingencies and received and recognized payment as revenue on the statement of activities in 2022. No new contingent pledges were made to the Library in 2022. The outstanding balance of contingent pledges is \$240,000 at December 31, 2022. Of that total, \$30,000 of contingent pledges are expected to be fulfilled in 2023.

At the beginning of 2021, the Library did not have any contingent pledges. New contingent pledges of \$270,000 were made to the Library in 2021, all of which were outstanding at December 31, 2021. No payments were received in 2021.

Beginning in 2002 and continuing beyond December 31, 2022, the Library is undergoing a series of renovations of certain buildings as part of its Libraries for Life capital campaign. The Library also performs ongoing capital maintenance at all locations. As of December 31, 2022 and 2021, \$1,335,311 and \$103,795, respectively, remain committed under contracts related to these activities. No net interest costs were capitalized for 2022 and 2021.

Included in building and building improvements are properties received in 2003 through a donation from the City of Pittsburgh (City) for six locations. The fair value of these buildings as of December 31, 2022 and 2021 was \$1,740,000, and was offset by an original contribution. Any change in use, termination of use, or sale of these properties is subject to approval by City Council.

5. Investments

Long-term investments consist of three multi-strategy funds, private company stock, and split interest agreements at December 31, 2022 and 2021.

The total returns on long-term investments, cash equivalents, and the insurance proceeds restricted to collection items not capitalized for the year ended December 31, 2022 are summarized as follows:

The Library's investments are subject to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with these instruments, it is reasonably possible that changes in the values of these instruments will occur in the near-term, and that such changes could materially affect the amounts reported in the financial statements.

6. Fair Value Measurement

The Library determines fair value of investments and other assets using a three-tier hierarchy of valuation inputs, breaking them down into Level 1, Level 2, and Level 3. These assets include three multi-strategy funds, private company stock, and split-interest agreements at December 31, 2022. The total fair value of the assets as of December 31, 2022 and 2021, respectively, is \$43,435,305 and \$51,731,341.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

Fair values for Level 1 financial instruments are determined by quoted prices in the active market for identical financial instruments. Fair values for Level 2 financial instruments are determined by other significant observable inputs (quoted prices for similar financial instruments, interest rates, prepayment speeds, credit risk, etc.). Fair values for Level 3 financial instruments are determined by significant unobservable inputs, including the Library's own assumptions in determining the fair value of financial instruments. Since the split-interest agreements and private company stock have no significant observable inputs, they are classified at Level 3. The input used by the Library to measure the value the split interest agreements is the market value from the bank trust statements. The input used by the Library to measure the value of the private company stock is a third-party FMV appraisal report conducted under valuation services section 100 of the AICPA, net of a discount of 25% for lack of marketability and 5% for lack of control assessed by a third-party consultant. A discount for lack of marketability is applied to take into account the lack of a readily available market to liquidate the shares held. A discount for lack of control is applied to acknowledge the inability to control management or decision making of the private company.

The Multi-Strategy Funds (Commonfund's Multi-Strategy Equity Fund and Multi-Strategy Bond Fund, or MSFs) are reported at market value as of December 31, 2022 and 2021. The net asset value is calculated as assets of the fund less the fund's liabilities. The share reported by the Library is proportionate to the Library's relative capital contribution. Shares are redeemable on a monthly basis. Currently, the Library has no intention to liquidate the investments in the MSFs held at December 31, 2022.

The Library's endowment is invested in the MSFs. Together the funds seek to achieve a total return (price appreciation plus dividends and interest income) that exceeds inflation plus 5% per annum through a globally diversified portfolio. Such diversification is designed to provide some downside protection and to potentially enhance long-term total return.

The asset mix is designed not to outperform the best-performing asset class in any given year but rather to produce satisfactory real returns over time periods appropriate to perpetual life charities. Tactical rebalancing may periodically occur to take advantage of perceived market opportunities and/or to return the portfolio towards policy weights. The Multi-Strategy Equity Fund is primarily benchmarked against the S&P 500, with a secondary composite benchmark comprised of 85% S&P 500 and 15% MSCI All-Country World Index (ACWI). The Multi-Strategy Bond Fund is benchmarked against the Bloomberg Barclays US Aggregate Bond Index.

7. Endowment Disclosures

The Library's endowment was established for a variety of purposes, including for the purchase of library materials, programming, or operating purposes without donor restrictions. The endowment includes both donor-restricted endowment funds and funds without donor restrictions designated by the Board to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Library has interpreted Pennsylvania State Act 141 of 1998 (Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Library classifies as net assets with donor restrictions held in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund and investment income in excess of amounts designated for current operations and losses up to the extent of accumulated gains. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions held in perpetuity is classified as net assets with donor restrictions held for a certain time/purpose until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by the Act.

Not included in the figures above, but permanently restricted for transfer from cash to the endowment are \$8,125 and \$98,646 in 2022 and 2021, respectively.

From time to time, net assets with donor restrictions to be held in perpetuity may have fair value less than the amount required to be maintained by donors or by law (underwater endowments). At December 31, 2022, funds with an original gift value of \$1,115,432, fair value of \$1,017,639, and a deficiency of \$97,793 were reported in net assets with donor restrictions. At December 31, 2021, no funds were underwater.

Return Objectives and Risk Parameters

Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s), as well as board-designated funds. The Library has adopted policies and guidelines for endowment and restricted funds.

To satisfy its long-term rate-of-return objectives, the Library relies on returns in excess of the rate of inflation. The Library targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

The Library has a policy of appropriating, for distribution each year, between 2% and 5% of the average market value of the endowment fund balance at the end of the 12 calendar quarters that precede the calendar year being budgeted. The presumption is that, over the course of multiple years, the average investment returns will equal or exceed 5% per annum and that the endowment will meet the objective of providing ongoing financial support to the Library.

8. Net Assets

With Donor Restrictions

Total net assets with donor restrictions are \$32,590,867 and \$37,604,805 at December 31, 2022 and 2021, respectively

Net assets with purpose or time restrictions at December 31, 2022 and 2021 of \$13,536,769 and \$14,573,627, respectively, are available for use by the Main Library and branches for capital improvements, the purchase and care of special collections (approximately \$6.0 million and \$7.0 million at December 31, 2022 and 2021, respectively) and a variety of other donor-imposed purposes and time periods.

Net assets of \$19,054,098 and \$23,031,178 were held in perpetuity at December 31, 2022 and 2021, respectively. The following composition of the net asset class indicates how the income is to be expended:

	2022	2021
Collection development/programming	\$ 14,520,000	\$ 17,605,939
Any library purpose	4,534,098	5,425,239
	\$ 19,054,098	\$ 23,031,178

Without Donor Restrictions

Net assets without donor restrictions which are board-designated include funds in the endowment and operating reserve.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

9. Net Assets Released from Restrictions

Net assets totaling \$4,195,594 and \$6,583,377 were released from donor restrictions for the years ended December 31, 2022 and 2021, respectively, by incurring expenses that satisfy the restricted purposes or by occurrence of events specified by the donors.

Net assets of \$3,901,441 and \$4,263,225 were released from restrictions on operating activity for the years ended December 31, 2022 and 2021, respectively.

Net assets of \$294,153 and \$2,320,152 were released from restrictions on capital activity for the years ended December 31, 2022 and 2021, respectively.

10. Insurance Proceeds Restricted to Collection Items not Capitalized

Other assets of \$6,045,334 and \$7,008,811 on the statements of financial position for the years ended December 31, 2022 and 2021, respectively, consist of insurance proceeds related to the Library's special collections. These funds are invested in an external investment pool. The funds are invested in a S&P 500 equal weighted index fund, an S&P 500 market weighted index fund, a high quality bond fund, and a U.S. money market government fund in the years ended December 31, 2022 and 2021. The funds are redeemable on a weekly basis. While funds will be drawn in the future for allowable expenses pursuant to a Direct Care policy, the Library currently has no intention to liquidate the investment held at December 31, 2022 in its entirety.

11. Retirement Plan

The Library sponsors a defined contribution retirement plan, which is offered through a third-party financial services organization. The plan is a 403(b) tax sheltered annuity plan covering all eligible employees. The 403(b) plan is open to all employees and offers an employer contribution to eligible employees. Eligible employees include those who have attained age 21, have completed 12 consecutive months of service and have worked at least 1,000 hours during the plan year. Since 2010, the employer matching contribution is 120% of employee contributions up to 5% of the employee's compensation. Employer contributions of approximately \$755,000 and \$760,000 were made to the plan for the years ended December 31, 2022 and 2021, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

12. Leases

The Library has historically entered into a number of lease arrangements under which they are the lessee. FASB ASU 2016-02 requires lessees to report a right-of-use (ROU) asset and a liability for financing and operating leases. As of December 31, 2022, the Library is party to five contracts that require this accounting treatment.

Three of the five contracts are treated as finance leases which are for various equipment such as computers, site servers and copier machines. The short-term lease practical expedient has been elected related to certain other similar contracts.

Two of the five contracts are considered operating leases. Specifically, of the Library's 19 public service locations, only two were subject to operating leases in 2022. Both of the Library's space rental leases includes multiple optional renewal periods. For these leases, the Library does not consider any additional renewal periods to be reasonably certain of being exercised, as comparable locations could generally be identified within the same trade areas for comparable lease rates.

All of the Library's leases include fixed rental payments.

The Library recognized rent expense associated with its leases as of December 31:

	 2022	2021		
Operating lease cost: Fixed rent expense	\$ 420,628	\$	358,515	
Finance lease cost:

The noncash investing and financing activities resulting from additions to ROU assets for operating leases was \$0 and \$5,637,042 as of December 31, 2022 and 2021, respectively. The noncash investing and financing activities resulting from additions to ROU assets for financing leases was \$288,218 and \$0, as of December 31, 2022 and 2021, respectively.

The future payments due under operating and financing leases as of December 31, 2022 are as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

As of December 31, 2022 and 2021, the weighted-average remaining lease term for all operating leases is 12.98 years and 13.87 years, respectively, while the weighted-average remaining lease term for all finance leases is 1.48 years and 1.53 years, respectively.

Because the Library does not have access to the rate implicit in the lease, it utilizes the US Treasury rate as the incremental borrowing rate. The weighted average discount rate associated with operating leases as of December 31, 2022 and 2021 is 0.31% and 1.38%, respectively, while the weighted-average discount rate associated with finance leases is 0.30% and 0.96%, respectively.

13. Line of Credit

The Library has a \$5,000,000 revolving line of credit for working capital purposes that is secured by existing and future revenues which expires on October 31, 2023. Amounts outstanding under the line of credit bear interest at a rate per annum which is equal to the sum of the Daily BSBY Rate plus 100 basis points. The Library did not draw from the line during 2022 or 2021 and had no outstanding balance on the line at December 31, 2022 and 2021.

14. Debt

Bonds Payable

On November 26, 2002, the Library issued \$14,510,000 in fixed-rate bonds at rates ranging from 2.5% to 5.0% pursuant to a loan agreement with the Allegheny County Industrial Development Authority. The bond proceeds, net of bond issuance costs, were deposited into a project fund to be used for construction and renovation projects at various Library branches, as well as the Main Library.

On August 10, 2010, the Library issued \$12,515,000 of Allegheny County Industrial Development Authority Regional Asset District Sales Tax Revenue Bonds, Series of 2010 with fixed-rates ranging from 0.8% to 4.375%. The amount was sufficient to refund the 2002 Revenue Bonds, pay the expenses of the bond issue, and provide proceeds of approximately \$500,000 for an existing capital project.

On July 22, 2021, the Library issued \$5,610,000 of Allegheny County Industrial Development Authority Regional Asset District Sales Tax Revenue Bonds, Series of 2021 at an aggregate

purchase price of \$6,196,632, representing the aggregate principal amount of the bonds, plus original issuance premium of \$609,072 and less discount of \$22,400. The amount was sufficient to refund the 2010 Revenue Bonds, pay the expenses of the bond issue, and provide proceeds of approximately \$573,000 for an existing capital project. Debt service for the 2021 bonds remains essentially the same as under the 2010 bonds. The fixed-rate bonds are at rates ranging from 3.0% to 4.0%

Annual bond principal and interest payments of \$1,000,000 will be made with dedicated funds received from the District. The Allegheny Regional Asset District Cooperation and Support Agreement for the Carnegie Library of Pittsburgh between the Library, the District, the City, and the County of Allegheny provides for direct payment of these bond payments to the bond trustee and provides security for the Library's obligations under the loan agreement through 2028.

The Library has \$116,252 and \$139,502 of unamortized bond issuance costs, for the years ended December 31, 2022 and 2021, respectively. The Library has \$577,044 and \$605,802 of unamortized bond issuance premium for the year ended December 31, 2022 and 2021, respectively. The bonds payable are shown net of unamortized bond issuance cost and unamortized bond issuance premium.

A summary of future payment requirements on the bonds is as follows:

PPP Loan Payable

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to help protect businesses and employees during the COVID-19 pandemic. Included in the CARES Act is the Paycheck Protection Program (PPP), which enables the Small Business Administration (SBA) to guarantee low-interest rate loans to certain entities. The PPP Loan bears interest at a fixed rate of 1.0% per annum, with interest and principal payments deferred until 10 months after the covered period for eligible forgiveness expenses, has a term of two years, and is unsecured and guaranteed by the SBA. The principal amount of the PPP Loan is eligible for forgiveness under the PPP upon the Library's request to the extent that employees are retained, and the PPP Loan proceeds are used to pay expenses permitted by the PPP, including payroll costs, covered rent and mortgage obligations, and covered utility payments incurred by the Library.

In 2021, the Library applied for forgiveness of the PPP Loan with respect to these covered expenses, using 100% of the PPP Loan proceeds on eligible salary expenses. In July 2021, the Library received notice that the SBA fully forgave the loan. As a result, the loan and interest payable were extinguished, and the funds are recognized as revenue on the statement of activities for the year ended December 31, 2021.

15. Related Party Transactions

The Electronic Information Network (d/b/a eiNetwork) maintains and manages the electronic information computer network that holds a shared online catalog and reference materials. The eiNetwork manages the network for all public libraries in Allegheny County, including Carnegie Library of Pittsburgh, and hosts and administers Internet services, the library circulation system, the library staff email system, and other public access computer systems. The eiNetwork also manages the leasing and replacement of personal computers to organizations within the network.

The eiNetwork is a non-profit, member corporation with two members that are both contractual assets of RAD. The corporation members are the Allegheny County Library Association (ACLA) and Carnegie Library of Pittsburgh. The Library makes payments to eiNetwork for computers and other equipment, which were \$348,901 and \$332,672 for the years ended December 31, 2022 and 2021, respectively. The eiNetwork also reimbursed the Library for expenses totaling \$32,982 and \$175,289 for the years ended December 31, 2022 and 2021, respectively.
