Reading Readiness Tips:

In this book, we see all the steps involved in going to school in the morning. Helping children sequence the order in which things take place builds comprehension and develops Narrative Skills. By reading stories with a clear sequence of events and recalling what happens "first, second, third, etc", you're helping prepare children for learning to read and write, and to identify story elements such as character, setting, and plot. As you're reading, encourage kids to predict what will happen next in the story and why they think that. Try asking questions like "where do you think the character is going?", "what makes you think that?" or "what do you think will happen next?"
